

Final Results of „Maritime Radio Day“ 2022

There are no first, second and third prizes,
we only want to show which station had most QSO's
>> it's taking part that counts <<

The night everything went wrong. 110 years ago, the „Titanic“ sank on its maiden voyage, killing 1500 and surviving around 700. The accident is one of the worst shipping disasters in history.
